

BUILDING TECHNOLOGIES FOR THE NEW MILLENNIUM

R-2000 BUILDER COURSE

THURSDAY, DECEMBER 9 & FRIDAY, DECEMBER 10

9:00 A.M.—4:00 P.M. (BOTH DAYS)

BEST WESTERN KINGS INN
WINDSOR ROOM
5411 KINGSWAY, BURNABY

INSTRUCTOR: RICHARD KADULSKI

MEMBERS : \$300 + GST; NON-MEMBERS: \$500 + GST

Consumers are demanding healthier, environmentally appropriate housing. Meeting this market demand and learn proven techniques of energy efficiency and environmentally sound construction.

This is one of six required courses for the Certified Residential Builder (CRB) program. This course is also compulsory to become a licensed R-2000 builder.

For attendees who do not wish to pursue the designation but do want to learn about R-2000, this is an excellent cost-effective way to learn from one of the best instructors in the industry.

Course Content:

- Specific requirements of R-2000 housing
- How R-2000 can increase sales and profits
- The secrets to preventing condensation and moisture movement
- Cost-effective ventilation solutions
- Advanced framing techniques that save money
- New options in air-barrier materials and methods
- How to close any sale with the 11 key benefits of R-2000
- Simple ways to tap into an exciting promotional campaign
